TO CONTINUE YOUR MYKE SUBSIDY AGREEMENT, YOUR SIGNATURE IS REQUIRED

MYKE PRO LANDSCAPE PROGRAM MEMBERS SUBSIDY AGREEMENT

Effective March 1, 2017, this contract agreement supersedes all expressed and/or implied extended warranty subsidy agreements by KAT Wholesale Outdoor or its agents in regards to the MYKE Pro Landscape Warranty Program. PLEASE NOTE: Your signature is required to activate your MYKE account!

This agreement is between KAT Wholesale Outdoor and its client and does not alter nor exclude the current 2-year MYKE Pro Landscape Warranty Program offered directly from Premier Tech Biotechnologies. In conjunction with the 2-year MYKE Pro Landscape 50%/75% warranty plan, KAT Wholesale Outdoor offers an additional subsidy, free of charge, that will increase your coverage to 100% for tree or plant replacement, up to a maximum value of \$300 per plant.

Eligibility for extended warranty subsidy mandates that your account be maintained within established credit terms throughout the warranty period. At its discretion, KAT Wholesale Outdoor may extend a one-time 15 day grace period for late-payment. Failure to continually comply within credit terms will forfeit any and all KAT Wholesale Outdoor Extended Warranty Subsidy Agreements in relations to the MYKE Pro Landscape Warranty Program with your company.

A MYKE's Pro replacement will not be accepted at any KAT Wholesale Outdoor location within 60 days of the original purchase of landscape plant material. Replacing the plant or tree in less than 60 days does not give the MYKE Pro product adequate time to perform. If given enough time, MYKE Pro will adhere to the roots of the plant and improve the root development and plant vigour.

This contract does not alter nor exclude MYKE Pro Landscape Warranty Program's responsibilities as agreed by them; this is solely a disclaimer on behalf of KAT Wholesale Outdoor regarding their subsidy warranty agreement.

As of March 1st, 2017, MYKE Pro will no longer be accepting any varieties of Azaleas or Rhododendrons under their warranty program. Any purchased prior to this date will still be accepted under the KAT Wholesale Outdoor warranty. In addition, KAT Wholesale Outdoor, will not be warranting any special ordered items, including DCP's (Deep Celled Plugs), as these are not items normally stocked in any or all store locations.

I, _____ with _____
Name Company

have read and understand the terms of this agreement, and understand that I must maintain my account within established credit terms to continually qualify for KAT's subsidy warranty program.
